- Testing and Debugging
- Cross-Browser Compatibility:
- Familiarity with back-end technologies

Soft skills

Communication

Creative thinking

Teamwork

Problem solving

Time management

Education

Lagos State University, Bsc Chemistry
2017 – 2022 | Lagos, Nigeria

Professional Experience

FrontEnd Developer Intern

2022 | Lagos, Nigeria

- Completed a 5-month program in frontend development, where I gained experience in HTML/CSS, JavaScript, and React.
- Worked on a team project to build a web application that allows users to search for and book rental properties.
- I also gained experience working with frontend frameworks like React, which allowed me to build complex web applications more efficiently.
- Assisted in front-end development tasks, including updating content, optimizing page load times, and ensuring responsiveness across different devices.
- Demonstrated strong problem-solving skills and attention to detail in identifying and resolving bugs and issues.
- Earned a certification in web accessibility, demonstrating my commitment to creating inclusive and accessible websites.

Personal Projects

portfolio website

Utilized React Animations and Libraries for Engaging User Experience

- Developed a dynamic and visually captivating portfolio page using React, leveraging a range of animation libraries to create an immersive user experience.
- Implemented React animations to add fluid transitions, interactive elements, and attention-grabbing effects throughout the portfolio.
- Employed scroll animations to trigger content fades, parallax effects, and element transforms as users navigate the portfolio, enhancing engagement and user interaction.
- Showcased various projects with interactive elements and engaging animations, effectively highlighting key features and drawing attention to the portfolio's content.

Certificates

- Front-end Development Bootcamp Nupat Technologies
- The Complete JavaScript Course Udemy
- Learn ReactJS Scrimba
